SUITE #110

Hello!

Thank you for choosing Camp Interventional Pain Associates!

You have been scheduled for a procedure and we want to make sure it is a smooth experience for you. Please read the information provided below to assist in that process.

**You are scheduled for a procedure at:**

Physician's Specialty Hospital  
3873 Parkview Drive  
Fayetteville, AR 72703

**General Guidelines:**

- We ask that you please arrive 1 hour prior to your scheduled appointment time.
- We require that you have a driver present for the day of your procedure.
- If your procedure requires IV sedation, please do NOT eat or drink for 8 hours prior to your scheduled time.
- Please STOP taking any Aspirin or over-the-counter anti-inflammatory medications 5 days prior to your procedure.

**Financial Explanation:**

- Your charge is divided into 2 components: The professional fee for our services, and the hospital will send a separate technical/facility fee.
- For our professional fee, we do require a \$75 pre-payment at least 3 days prior to your procedure (in most cases). If this has not already been paid, someone from our office will reach out to you by phone prior to the procedure date.
- If you do not show up for your appointment, this fee will be held and applied to your next visit/procedure.

**If you have any questions or concerns, please use our HIPPA compliant, secure text messaging number: (479) 323-3743, or call (479) 715-4262.**
